AUG 2022 Report

UGRC
(Unacademy Grievance Redressal Council)
MONTHLY REPORT
To create robust systems and processes to ensure effective and timely solutions to grievances with an impartial approach to set higher benchmarks towards effective stakeholder engagement.
A skilled centralised team is dedicated to addressing each grievance with fairness, following a robust communication channel and appropriate CRM support. Our policy also empowers the complaints redressal desk, in order to remove influences and promote objectivity and consistency in resolution.

Each complaint is responded to and assigned with a unique identity for tracking. We have a well-defined turnaround timeline for resolutions which are strictly adhered to. Written acknowledgement is sent to the complainant with details of the officer handling the particular case and expected turnaround time for resolution.

We constantly review our processes to identify areas of improvement and ways to prevent future grievances. There is regular analysis of the frequency, patterns and cause of grievances. Review of strategies and processes used for grievance resolution. Check on the effectiveness of those strategies and processes. Improvement plans are implemented on a regular basis.
